

## IMCTC participates at the World Defense Show2024

As part of presenting its mission and vision to a wider audience, the Islamic Military Counter Terrorism Coalition participates at the World Defense Show 2024 held in Riyadh, during February 4-8, 2024.

The participation reflects IMCTC's commitment to the international community in countering terrorism, rejection of violence, extremism, and promotion of Islam's values of moderation and tolerance.

IMCTC, through its stand, showcasing videos of its approach in countering terrorism across the four domains of ideology, communications, countering terrorist financing, and military as well as the latest publications and research addressing countering terrorism and violent extremist ideology.

IMCTC member States' delegates, who represent the key point of contact between the Coalition and their respective countries, took part in IMCTC's stand at the WDS, demonstrating the participatory and collective efforts to convey a global message, under the theme, "Countering Terrorism is Collective Responsibility."

It is worth noting that this is the first time IMCTC took part at the World Defense Show that brought together large international corporations, think tanks and international organizations to foster ties with major stakeholders for preserving international peace and security.
