

IMCTC holds a presentation on "Sleeper Cells"

Riyadh, 23-10-2022

The Islamic Military Counter-Terrorism Coalition held at its headquarters in Riyadh, Sunday, October 23, 2022, a presentation on: "Sleeper Cells", delivered by Dr. Mansour Al-Qarni, head of IMCTC ideology department. IMCTC Secretary-General, member countries' Delegates, and IMCTC personnel attended the presentation.

Dr. Al-Qarni explored the concept of sleeper cells, their formation techniques, and pointed out that the formation of those cells depends on the nature of their tasks, organizational structure, and the purpose of the terrorist targets. He concluded the presentation by proposing means of countering and deterring sleeper cells.

It is worth noting that the presentation is part of a series of symposia, presentations, and workshops offered by IMCTC to its member countries' delegates across IMCTC's four counterterrorism domains: (ideology, communications, counter-terrorist financing, and military).
